ramsesramva.com

Innovative Software Developer with 3+ years in full-stack and microservices, specializing in C#, .NET, Golang and modern front-end technologies. Adept in Docker containerization for robust deployment strategies and scaling. Proven track record in delivering scalable solutions and dynamic user interfaces, enhancing efficiency and user experiences across platforms. Fluent in English and Spanish.

Experience

Senior Software Engineer - EY GDS

2025-06 - XX, Remote

Developed and maintained enterprise-grade applications with a focus on frontend and cloud solutions. Implemented React and TypeScript for scalable UI, and managed deployments in Microsoft Azure (App Service, Functions, Monitor). Streamlined CI/CD pipelines, improving delivery speed and reliability. Certified in Azure Fundamentals (AZ-900).

Fullstack Developer - Apyma

2023-07 - 2025-06, Hybrid

Spearheaded the development of a RESTful ASP.NET Core microservices backend, improving system scalability and reducing response times. Optimized SQL Server database performance through strategic indexing and query optimization. Led the migration of the frontend to React and Next.js, optimizing performance and SEO with SSR. Utilized React hooks and Context API for state management and scalability. Collaborated in an Agile SCRUM environment, ensuring timely feature delivery and improved sprint efficiency, resulting in a significant reduction in load times and server-side rendering.

.NET Developer - Global Hitss

2022-12 - 2023-07, Guadalajara, Jalisco

Developed a high-performance web application to enhance call center operations for Grupo Banorte. Managed Oracle databases and utilized ASP.NET Webservices for backend management.

Jr .NET Developer - SMART TARGET

2022-07 - 2022-12, Remote

Designed and developed ecommerce web applications using Razor Pages, maintained MySQL databases, and implemented responsive design strategies using Bootstrap and jQuery.

Web Developer - Freelance

2021-11 - 2022-07, Remote

Developed web applications using ASP.NET MVC and relational databases, worked with MySQL, SQL Server, and PostgreSQL databases, and utilized SCSS and SASS for styling.

Education
